

# Ali Zakaria

Currently a Herriot Watt University engineering student. My passion for engineering was crowned by winning the 2020 UAE STEAMathlon. I won the confidence of my school to be their website designer and manager through their participation in Formula 1 2022.

Looking forward to participating in your success story.

## Experience

Jan 2022 – March 2022

Event Coordinator  
Formula1 UAE Schools 2022

Was responsible for the electronic communication of the event. My duties included building and maintaining the event website and social media communication.

Jan 2020 – April 2020

STEAMathlon  
“STEAMathlon is one of the biggest Robotics UAE High Schools Competitions.”  
Event Coordinator  
Competitor

Worked as a coordinator along with participating in the competition. My duties included supporting different organizers duties.

My team project “Robo-Golf” won the golden medal of the event. We designed a successful model of interactive golf playing robot using Raspberry Pi programming language.
